

Dear Families,

Welcome to Rockburn Kindergarten! We are looking forward to meeting you and your family this upcoming year! The kindergarten experience is exciting and important. It will be a year of amazing growth for your child. You will see them develop and flourish. The students will make leaps and bounds both academically and socially.

Our kindergarten program builds academic skills such as reading, math, science, social studies and health, but also values social skills, language development, independence, responsibility and problem solving. In addition to the regular kindergarten curriculum, our kindergarten students will have related arts. These classes will consist of art, media, music, technology and physical education (PE). The students will have snack, recess, lunch, quiet time, and centers. We have high expectations for our young students and we work hard to make our time together fun and full of learning opportunities. The curriculum is integrated so the learning that occurs in the classroom is relevant and meaningful. The kindergarten team is committed to your child and we value our students and our parents! We want to thank you, in advance, for all that you do.

Attached, you will find a few important details about kindergarten at Rockburn Elementary. Please sign up for summer assessments at the following link: <http://www.signupgenius.com/go/10c044badac2fa4f49-kindergarten2>. Please note that students will not be assigned a teacher until August, after the summer assessments have been completed.

Sincerely,

The Kindergarten Team
